

Our aim was to
create a **bespoke
lighting system** for a
serviced office space
to reflect a sense of
relaxation and tranquility

Impact Working

Location Size: 12,300 sqft

Industry: Serviced Offices

Project Length: 12 Weeks

Project Value: £200,000

Impact Working is a subsidiary arm of Impact Capital Group, a group of companies which uses property-tech and modern methods to create affordable, sustainable and smart urban office environments of the future.

Over 12 weeks RS Response was tasked with the **lighting design, electrical, data and fire alarm** installation.

Using **unique feature** lighting RSR was able to accentuate the **distinctive style** of the offices' architecture.

A modern office interior featuring a large wooden shelving unit with a TV screen. The screen displays the logo for 'i IMPACT WORKING' and the text 'WORK FLEXIBLY'. The room has a wooden floor, a patterned carpet, and a table with chairs in the background.

Scope of works

Design, Supply and Installation of the following:

Bespoke design and finishing of unique lighting and power supplies to neon signage

Installation of automatic and manual lighting control systems

Data cabling and Comms room power installation

Small power installation and distribution

Installation of Mechanical power supplies

Supply, installation & commissioning of fire alarm system

Installation of power for kitchen appliances

Containment for lighting, power and data cables
