Kinetic Solutions

Industry Type: Software/Technology

Location Size: 262 ft²

Project Value: £45,000

Project Length: 4 Weeks

Project Location: Milton Keynes

Kinetic Solutions is a Milton Keynes-based technology company and is the leading provider of software for events management and student accommodation professionals.

Rather than accepting the standard set up for **large conferences** Kinetic Solutions opted for a **comfortable set up** for people to relax into while they work through the inclusion of **turfed benches** and speaker area, open spaces, large screens for full room visibility, and smaller desks for **break-out areas**.

Kinetic Solutions always strive to approach the work environment differently, this is reflected in their design choices shown here with their auditorium refurbishment.

Kinetic

Scope of works

Design, Supply and Installation of the following:

- Flooring Layouts
- Contemplation Room Partitions
- Managers Office Flooring, Walls, and Ceiling
- Auditorium
- Meeting Room Insulation
- Decoration
- Electrical & Data
