

RSR have been working with this
Luxury Car Manufacturer on various works and now tasked with a **Car Workshop and Welfare** project at their new facility in **Silverstone**

Location Size: Approx 5,000 sqft

Industry: Automotive

Project Length: 18 Weeks

Project Value: £568,000

Building Type: Car Workshop and Welfare Project

Length: 18 weeks

Project Value: £568,000

This Luxury Car Manufacturer has been around since the early 1900's now branching out into electric car manufacturing as well as competing in Formula 1, becoming a renowned world championship team in the field. In addition to the other projects RSR was working on with them, RSR created a new build fit-out within Silverstone to creatively use the space that works to their advantage.

Over the 18 weeks, RSR installed **3 new race bays** that can fit a whole team per bay with **dynamic worktops** that suits any situation. We also covered **all areas of electrical works** including **lighting, lighting controls**, data, mains distribution, and fire alarm.

Other work included WC's, offices, kitchenette, race bay areas, plant/storeroom, and mezzanine storage area.

Scope of works

Design, Supply and Installation of the following:

- Mains Distribution
- Lighting & Lighting Controls
- Small Power
- Data
- Fire Alarm
- Containment
- Mezzanine expansion
- Decoration
- Office construction and fit out
- WCs
- Kitchenette
